Quick Sample Lookbook

Fabric-first tailoring · scan any page to order a sample

Made-to-measure · cut to the wearer from two numbers · no minimums

HOW IT WORKS

1 · Scan

Every fabric carries a QR code. Scan it to see this exact garment, live stock and the trade price.

2 · Two numbers

Enter your customer's height and weight - our sizing engine, trained on 160,000+ tailored garments, drafts the full measurement set instantly.

3 · Sample in ~2 weeks

Confirm on WhatsApp, production starts after payment, and the finished sample ships to your shop. Fit feedback tunes every following order.
